Description
-------------

A collection of two rare blue and white saucer dishes. Late Kangxi (1662- 1722) to Yongzheng period (1722-1735). One of the dishes finely decorated with a scholar seated underneath a willow tree holding a conch shell, its servant carrying walking towards him carrying books. Set against the backdrop of a natural river landscape scene with flowers and rocky outcroppings, the clouds and moon above them. The other dish with a fine decoration of a scholar on a boat playing the Guqin, under the watchful eye of its servant and another figure seated across the river. Dimensions: Diameter 10.6 cm, height 1.9 cm. Condition: The scholar under the willow tree dish with a small chip resulting in a small hairline of ca. 5 mm. The scholar playing the Guqin dish with a hairline of ca. 1.5 cm. Worldwide
