Description

Vintage 18k Gold Clip-on Earrings with Diamonds and Black and Red Enamel, Belgium, 1980s Description: Superb pair of vintage 18k yellow gold clip-on earrings, Belgian made, typical of the 1980s. These clips match the previously described ring, with a characteristic geometric pattern alternating brilliant-cut diamond pavé with black and red enamel elements. Each clip is set with diamonds for a total weight of 0.60 carats (approximately 0.30 carats per clip), of beautiful quality, with remarkable brilliance. The clips are equipped with a post for pierced ears, but this post can be removed on request to adapt them to non-pierced ears, by a small discreet restoration.
