Description

A fanciful decor, sculpted and covered with bright gold leaf, inherited from the Rococo style which triumphed in Europe during the middle of the 18th century, makes this mirror a beautiful decorative element. The frame is old, made at least in the 19th century, repaired and regilded more recently with gold leaf. The mirror has been changed, and the background changed (old cardboard). This decor may be Spanish or Italian (Naples) A little wind of crazyness in your home.
