Description

Charming little bench from the art-deco period around 1930, the structure is made of wood, amboyna burl veneer and mahogany base. It is covered with a velvet which is surely original and needs replacing. I note some small jumps in the veneer in places, without seriousness. Maximum width: 69cm Maximum depth: 39cm Seat height: 29cm Armrest height: 57cm Width between armrests: 44cm Contact me for transport in France and worldwide.
