### Description

Small Sauteuse chest of drawers in rosewood and palisander, enhanced by marquetry representing musical instruments and flower vases. It is topped with a magnificent Brèche des Cadeneaux marble, carved with cut sides and projections and decorated with a fine groove around its edge. It thus follows the curves of the chest of drawers with grace. The front, also structured in projections, reveals three drawers at the top and two large drawers decorated with refined marquetry. In the center, a guitar, a drum, flowers and a ribbon compose a harmonious scene, while, on each side, a vase accompanied by a bouquet forms a delicate ensemble. These motifs are framed by a green-tinted wood net, drawing Greek angles. Each drawer has bronze pull handles, magnified by ribbon-shaped lock entries
