### Description

We present this elegant antique Italian desk dating back to the second half of the 18th century, Louis XVI period. An extremely refined desk. Made of fine light walnut wood and characterized by a simple line without excessive ornaments, with slender legs that give an effect of lightness. On the front, you will have three practical drawers to use to store your small everyday materials. The drawers are embellished with finely chiseled gilded bronze. Considering that the desk was designed to be placed in the center of the room, you will therefore have a versatility of choice on its positioning. The leather-covered top has stains related to wear; you can decide to replace it if you wish. Its extremely linear shape perfectly reflects the taste of the historical era that wanted to achieve perfection with extreme
