Beautiful Italian Baroque Angel in Marble from the beginning of the 18th century. Beautiful Italian seraph angel or cherub carved in the round in three-quarters, the profile slightly turned to the left. A very beautiful work of sculpture from the beginning of the 18th century, an Italian sculpture with a strong presence. We find this type of angel adorning altars and flying in clouds of gilded wood as in Pisa etc... Ours is of large size with the use of a beautiful Carrara marble of great purity. A small old restoration on the tip of the nose barely visible. A cherub with the face of a putto from the beginning of the 18th century in the middle of the Italian Baroque period.
