### Description

Charming and rare double bottle for salt and perfume. The bottle is made of glass, with a round cross-section and beveled edges. It is divided into two compartments, one for the salt, the other for the perfume. The hinged silver frames and lids are decorated with large leaves forming a crown, laurel friezes, and an interlacing frieze. 18k rose gold ornaments enhance the bottle, contrasting wonderfully with the white silver. These gold elements include two eight-pointed stars, numbered AB, at the top of the stoppers; bands outlining the necks; the hinges; and the push button. The interior of the stoppers is silver-gilt. The perfume compartment opens with a small push button; the seal is ensured by a spring-mounted glass plate in the lid. The second compartment, for the salt, is closed with an emery
