### Description

Art Deco style bar cabinet, made in France around 1930, in light wood. It has an elegant silhouette with two cylindrical doors on the sides. The interior is glazed, with a glass shelf in the upper door, mirrors, a central shelf, and two doors at the bottom opening onto a storage space lined with black velvet. The cabinet is electrified, with the possibility of lighting the interior. Good general condition, with some scratches from use and missing veneer visible in places (see photos). The locks need to be reviewed, they do not work correctly, as does the electrical system which requires checking.
