

Eiffel Base Coffee Table

1 300 EUR

Period : 19th century

Condition : Etat d'usage

Material : Marble

Description

Fabulous "curule" shaped coffee table, late 19th century and restoration style, in gold patinated cast iron, with an EIFFEL-inspired base.

Absolutely beautiful, this is a rare and exceptional piece! The top is made of a sublime and thick sea green/Genoa green marble, based on serpentine, also 19th century. Top dimensions 100 x 50 cm. Note that the marble has suffered several shocks, visible in photos. However, it is not weakened by any cracks.
