Description

Hermès Paris - Printed silk - Framed under glass
France, late 20th / early 21st century

Rare Hermès scarf titled Les Éperons, framed under glass in a varnished wooden frame. This model showcases the equestrian world through an elegant composition of spurs, bits, chains, and radiant motifs -- a tribute to the house's heritage.

The palette combines golden tones, off-white, and various shades of green (khaki, olive, deep green), creating a refined and balanced design. The scarf is perfectly mounted without matting, and the signature "Hermès Paris" is clearly visible in the lower right corner.

Total dimensions with frame: 92 × 93 cm
