Description

French school of the 19th century Portrait of a young Italian beauty in 15th century costume Oil on wood panel 27 x 21 cm (31.5 x 25.5 cm with the frame) Beautiful old gilded wood frame Very good condition Visible at the gallery This portrait is strongly reminiscent of the portraits of women painted by Raphael in the 15th century, with the pose, the costume and the layout. It is a 19th century work in the Italian manner which probably dates from the time of the vogue for Orientalism in the middle of the 19th century. We can think of an artist like Alexandre Colin for example whose canon of women have this characteristic roundness especially in the faces.
