Description

Antique large oil painting on canvas. The painting represents the Four Crowned Saints (Symphorian, Claudius, Nicostratus and Castorius) patrons of stonecutters, bricklayers and building guilds. Due to their connection with the art of construction, the Four Saints are also very dear to Freemasonry. At the bottom on the left you can read the signature and the date of execution: C. Baudot, 1783. The dimensions are: 198 cm x 130 cm. Given the large size of the work, we can make the painting available for collection in Turin at the buyer's expense or agree on a shipment with a quote based on the destination.
