Description

Thilorier and Serrurot lamp in painted sheet metal imitating marble forming a Doric order column from the 19th century. Square base. Finely chiseled bronze capital. New electrification: gilded brass socket for E27 screw bulb, new wire. The power supply is mounted inside the base. Its rectangular lampshade was created from a Braquenié fabric with antique decoration. Adrien (Jean, Pierre) Thilorier (1790 - 1844) is a French inventor active in the field of gas compression. The first mention of an invention by Thilorier dates from 1826: it is a patent for a hydrostatic oil lamp. In 1835, Thilorier, associated with the manufacturer Serrurot, obtained a patent for an "autostatic lamp" Dimensions : Total height : 65 cm / Height from the base to the socket : 35 cm Base dimensions : 12.7 cm x 12.7
