Description

Everything is solid and heavy, the legs are solid wood, the top I don't know, if not it's certainly Try ply veneer. Very nice table for me and in addition in light wood, 2 good extensions of 50 cm, closing from below with good grips without play... In fault it seems to me only to have seen on the top a scratching/wear and not very visible. Oak material Overall dimensions: Height: 73.5 cm Width: 100.5 cm Depth: 260 or 160 cm DELIVERED BY A PROFESSIONAL. Mr, Mm cordially thank you for your visit and see you soon.
