Description

Rare machine with mechanism for reloading canut silk spindles from the beginning of the 19th century, round, of rare elegance and in very good condition, this museum piece has a rare aesthetic and by its proportions can serve as a central element of an important dining room table with placed on this complex machine a beautiful round glass top revealing the different cogs of the rotary system with pedal and flywheel (working) practical for turning the table when serving.... A rarity worthy of a Lyonnais Museum, a real piece of "Curiosity", beautiful and well built in a healthy walnut with a beautiful vein and a remarkable patina, a piece free of parasites and a rarity of the Silk Industry, marking the apogee of this art of spinning in the beauty of industrial art. A beautiful possible reuse and a central foot of
