Description

We present this superb pair of folding armchairs, stitched leather and lined with chrome metal tubing. When we look at the chairs designed by Charlotte PERRIAND for Les Arcs, we find enormous similarities and I hoped to find something telling me that she could have designed these armchairs and well NO. They are not listed in her work as an interior designer. These seats are in perfect condition and date from 1960, they are extraordinarily comfortable, note one or two insignificant scratches. (E25)
