

## Fire Bucket In Leather - Late 18th Century

250 EUR

Period : 18th century

Condition : Bon état

Material : Leather

Diameter : 25,5 cm

Height : 28 cm

### Description

In a cylindrical form, the object is entirely made of leather, secured with brass rivets. The bucket features a main body reinforced with a leather lining at the rim and base. The whole is held together by a single carrying handle. The object is in good condition, despite evident signs of use from its long service.
