1 150 EUR

Period : 18th century

Condition : Parfait état

Material : Painted wood

Height : 59

Depth : 19,5 base par 21.

Description

Carved and polychrome wood sculpture from the mid-18th century representing Saint Joseph. Very interesting period sculpture in excellent condition of sculpture and polychromy with finesse and shades of color. Sculpture rare on the market in this exceptional original state of conservation. Possible geographical origin Provence or southern France. No visible repainting and very beautiful patina of use. Dynamism of the attitude and position full of majesty and humility rendered with talent by the sculptor artist.
