

Mother-of-pearl Medallion, Romantic Scene, Late 19th Century

110 EUR

Period : 19th century

Condition : Bon état

Material : Nacre

Length : 8cm

Width : 6cm

Depth : 3mm

Description

Precious little mother-of-pearl medallion depicting a child leaning on the edge of a body of water. He seems to be completely absorbed in his thoughts. Openwork around the edge with two pearl friezes. Beautiful romantic scene, late 19th century. Very good overall condition, one chip is to be noted (see photo). Thickness 3mm. Free shipping for mainland France. Contact by email preferred. I remain at your disposal for further information or additional photos.
