

## Enameled Porcelain Vase In The "famille Verte" Style From The Kangxi Period.

1 300 EUR

Period : 19th century

Condition : Bon état

Material : Porcelain

Height : 28cm

### Description

The very fine porcelain is covered with famille verte enamels. Decorated with palace scenes in reserves. Beautiful quality of execution. Silver mount. Protective box lined with silk and a very soft, fine skin, probably kid? This vase is certainly old, 1900 or before. It does not appear to be a Chinese creation, nor Japanese either. It could be European, but the designs appear to have been traced by an Asian artist. Good condition. Mount glued to plaster. Vase only: H 28cm Box: 34x18x17cm
