Medicine Man's Bag, Congo, West Africa

350 EUR

Period : 19th century

Condition : Bon état

Material : Leather

Width : 9 cm

Height : 12 cm

Description

This rare small leather bag belonged to a medecine-man and was believed to contain his divination tools. It is decorated with beaded fringes, seeds, and leather discs wrapped with colorful cotton threads. This refined accessory helped identify the healer and demonstrate his status within the community. Democratic Republic of Congo, late 19th century. Good condition.
