Description

Elegant solid cherry chest of drawers, hand-carved. Its structure has a front that curves downwards, which also extends to the sides, and is equipped with two ergonomic drawers ideal for storing objects. The top and the rest of the front are smooth and geometric, while the legs are slightly curved, giving a touch of refinement. Medium-sized and well-preserved, the chest of drawers stands out for a beautiful patina that enhances its appearance. It is suitable for enriching both a bedroom and a living room, and despite its simplicity, it is very elegant, capable of furnishing any room with taste and class. Tuscan
