Depth : 10 base

Description

Pair of 1930s art deco style night lights depicting two young pierrots. Very interesting and rare pair of very typical art deco lamps with a very pretty multicolored light diffused through a mesh of pearls arranged on the removable upper part. Excellent general condition and electrification redone with LED bulbs while fully respecting the original non-operational sockets and the bulbs unobtainable today. Signature of the artist on the back, P Séga. 19th, 20th century artist known for his art deco sculptures similar to Max Le Verrier or Marcel Bouraine for example. Very beautiful patina and certain decorative effect for this exceptional pair. Shipping possible in France and worldwide by secure and insured package with order tracking. Careful and secure packaging provided.
