Description

This sumptuous 1950s-60s French ring combines the warm radiance of 18K gold with the graphic architecture of the Retro Halo. At the center, a round brilliant diamond of approximately 0.80 ct captures the eye, encircled by a scalloped halo of twelve smaller round diamonds (total ? 0.30 ct). The notched gallery evokes the iconic sunburst motif of the Mid-Century period, while the slim band ensures optimal comfort.
