Description

One-light metal pendant light from the 1970s. The round part is supported by three legs from the part with the electrical socket. The two elements can be easily separated. The ceiling light is made of black plastic. The round part (saucer) is black on top, there are some small scratches in places and cream-colored on the inside. The height can be adjusted thanks to an adjustment on the cable. Work from the 1970s. All our lights are fully restored by our workshop, both in terms of structure and electricity, and are therefore in perfect working order. Bulbs to use : Large screw-in bulb, type E27. Possibility of collection on site, or contact us for possible shipping. Dimensions - Weight : 1.72 kilograms. Diameter : 48 centimeters. Ceiling light diameter : 6.5 centimeters.
