Description

France / 1800 / vase / wood / Rustic / Antique

Handmade French solid wooden vase from the late 18th or early 19th century. This decorative antique piece was crafted from warm dark brown wood and gathered beautiful patina in time. The organic, rounded silhouette is complemented with a geometric pattern in bass relief around the bottleneck and carvings around the belly.

This vase in warm earthy tones fits perfect in a modern interior with wabi wabi accents but will be an eye cather to any space.
