

Private German Hunting Knife

260 EUR

Period : 20th century

Condition : Bon état

Material : Wrought iron

Description

Well-made large German hunting knife with a total length of 42cm. Horn grip with multiple signs of damage due to some kind of worm. Nickel silver grip ring. Steel blade with corrosion on both sides. The blade appears to be in its full size. Black leather scabbard with nickel silver scabbard fittings held on by screws. The leather above the bottom fitting is slightly worn making the tip move up and down.
