

## Fireplace In Vicenza Compound

1 500 EUR

Period : 19th century

Condition : Bon état

Material : Stone

Width : 148 cm

Height : 108 cm

### Description

Magnificent large fireplace in Vicenza compound, late 19th century. The work stands out for the richness of its ornamentation: deep scrolls and foliage in relief develop on the sides, while in the center of the front stands a refined shell folder, a recurring symbol in the Baroque style, framed by phytomorphic motifs and spirals. Dimensions: H: 108 cm - L: 148 cm
