Description

Superb and rare Italian Renaissance chest from the end of the 16th century in walnut. Very beautiful chest with a superb molding work on its face as well as a very beautiful base. The face as well as the base make us think of a Roman temple with on the base the bases of columns with an acanthus leaf in the center. The top reveals a compartment as well as two small drawers. Walnut of superb quality. Very beautiful molded top with a superb patina and lace. Superb patina and in magnificent condition. Delivery in Belgium, France and internationally. Visible in our 2500m2 showroom at 41 Rue Henri Wafelaerts, 1060 Brussels, Belgium. More information & photos on request.
