Description

This pair of sconces was designed by Toni Zuccheri for Mazzega, Italy, in the 1960s. It is made of thick, wavy, amber and clear Murano glass, mounted on a chrome wall plate. The glass is handcrafted with small bubbles (pulegoso) inside and studded with small glass shards for a sugar-like effect that diffuses the light beautifully. In good original condition. 30 x 30 cm
