Description

Elegant vintage Jaeger LeCoultre full calendar stainless steel watch, reference 2721, equipped with the P484 caliber. It features triple date functions: day of the month display in windows at 12 o'clock, date indication via an arrow hand on the circumference. The movement is manually wound. The original silver dial is in excellent condition, with Breguet-type Arabic numerals and dauphine hands. The 2-piece solid steel case features drop-shaped lugs and slight weathering on the back. Its dimensions are 36 mm (excluding crown) x 44 mm (including lugs) x 9.45 mm (including glass). The mechanism and case are signed and numbered. This iconic model, launched in the second half of the 1940s, was produced in limited numbers, and this example is in perfect condition, both preserved and in
