Description

Small chest of drawers in walnut and walnut veneer, Louis XVI, late 18th century, it opens on the front with three drawers with drop handles. The top is in Saint Anne marble with groove, it is very thick. The front uprights are rounded and fluted, the marble follows this movement. The sides are in two panels. This chest of drawers rests on two spinning top feet at the front and two sheathed feet at the back. Note: no key, the handles are later. Chest of drawers in very good condition with small proportions, entirely refinished and patinated. Each request for information by email will be answered, please check spam.
