Depth : 22 cm

### Description

In the same style but with a little variation, here are two accessory holders to fix to the wall composed of a glass holder and a toothbrush rack for one and a glass holder with a soap dish for the other. In chrome-plated copper, the latter shows a little more wear, revealing a copper tone in places. Dating from the Belle Époque at the turn of the last centuries. On the back of their fixing brackets we find hollow marked: HB Paris.
