Description

Belle Époque drapery necklace in 750/°° yellow gold (18 KT, eagle's head hallmark) decorated with three main motifs with complementary volumes, mounted on a chain of filigree links very representative of the period. The three motifs are themselves delicately openworked with fine filigree, highlighted by rows of fine pearls in the orient and in the characteristic colors of this material: pinkish, bluish, golden shades... the colors highlight each other by subtle contrast. The size of the three motifs gives this necklace a beautiful presence while remaining a delicate, airy and finely crafted jewel. The chain is equipped with a discreet spring ring clasp. Gross weight: 9.39 g Condition: imperceptible micro-scratches, pearls in perfect condition, no missing parts. Possibility of payment entirely
