### Description

We are again presenting a work by the painter "Léonce PELLETIER", born in 1869 and deceased in 1950. A multifaceted painter, this painting is treated in the style of the Nabis and represents a naked woman in nature. This painting is reminiscent of the paintings of the great Gustave MOREAU, from whom he must have been deeply influenced. This painting is unfortunately not signed, but we certify it on the invoice because it comes from a studio collection, about a train of works that we purchased in 1993. (E25)
