Description

Pair of small gilded mirrors - 19th century Pair of elegant gilded wooden mirrors, dating back to the second half of the 19th century, made in Rococo style. Of small size, ideal for refined environments, they have a finely carved frame with floral motifs and leafy decorations. The gold leaf gilding has a pleasant patina of time that enhances its authenticity. In some places the gilding is missing, but this is only noticeable from a very close position (see detailed photos). The back is finished in vintage wood. Antique mirrors with silver plate, slightly flowered in some places, but perfectly legible. Objects of taste, ideal for embellishing a wall with a classic and bright touch. Measurements: cm. 26.5/27 x 16.5 Period: 19th century
