Description

"Mute Servant" side table. 20th century, based on 19th century models. Mahogany wood, marquetry, bronze. Circular side table with three legs emerging from a single stem, decorated with geometric marquetry elements on the wood and an openwork baguette marking the upper surface and the small tray that emerges from it. The piece of furniture is clearly inspired by 19th century French examples, both in its design and in the materials and delicacy of its execution. -
