Description

Pair of 19th century sculptures representing Pierre Jean de Béranger. Very interesting pair that can be used as bookends given their very substantial weight, or in a pair arranged symmetrically for a beautiful decoration. Very beautiful quality of cast iron visible in the details, particularly of the face or the costume which are of great finesse. Pierre Jean de Béranger was a very famous and popular poet of the 19th century, born in 1780 and died in 1857. He was as famous as Hugo or Lamartine. Very interesting and very rare set for a collector of famous men as for a lover of beautiful objects. Possibility of sending in France and throughout the world by secure and insured package with order tracking. Careful packaging. Invoice and certificate provided.
