### Description

Large travel clock from the second half of the 19th century. Composed of a large enamel dial with Roman numerals for the hours and a railway for the minutes, a small dial for setting the alarm, spindle hands. Polished-varnished brass cabinet, topped with a removable handle. Anchor escapement holder. Hour and half strike on a gong at the passages and on demand by pressing a pusher located at 12 o'clock. Alarm function. The mechanism has been revised and works perfectly. Weekly winding. We are at your disposal for any request, please contact us by phone (06 01 49 14 24) or by email (remarot@gmail.com).
