Description

Travel clock from the early 20th century. Composed of a large enamel dial with Roman numerals for the hours and a railway for the minutes, spindle hands. Polished-varnished brass case, topped with a removable handle. Visible anchor escapement holder. Hours and half-hour chime on a gong at the passages and on demand by pressing a pusher located at 12 o'clock. The mechanism will be serviced. Weekly winding. Accident on the right glass. We are at your disposal for any request, please contact us by phone (06 01 49 14 24) or by email (remarot@gmail.com).
