Pair Of Antique Corner Cabinets Poplar Piacenza Italy 18th Century

8 900 EUR

Period : 18th century

Condition : Prévoir restauration

Material : Painted wood

Width : 142

Height : 247

Depth : 76

Description

Pair of big corner cabinets with rudentate pillars that end with pyramidal truncated feet and with a two-panels door. In the middle of the panels there are medaillons painted with landscapes of buildings and hills in the backbround; the rose windows are hels by pink ribbons and sourmounted by a basket of flowers in the middle. Coeval iron keyholes. Original lacquering.
