Earthenware Dish

500 EUR

Period : 17th century

Condition : Parfait état

Material : Earthenware

Diameter : 31 cm

Description

We present this 17th century earthenware dish on a pedestal with 27 gadroons. The main decoration in the background is a male figure walking with a stick. Around the edge is a predominantly blue decoration dotted with orange contrasts (10). This dish is perfect, we announce it as Nevers but we will check the books in our documentation library and if we are mistaken we will make a correction. Weight 1.1 kg (E25)
