### Description

Art Deco style necklace in 750/°° white gold (18 KT, eagle's head hallmark), with an Art Deco aesthetic. This necklace indeed takes up the codes, its pendant being mainly adorned with an onyx plate, set in its center with an old-cut diamond, the white color of the metal, the square and rectilinear lines... down to the detail, the edge of the finely beaded diamond setting. A chiseling cut below on the onyx plate, around the diamond, gives volume to this generally flat jewel. Series of double claws punctuate and punctuate the outline, while protecting the onyx plate. These claws are worked like "descended claws" and run to below the ring head, a hidden detail of the design of this jewel with completely Art Deco lines. The pendant motif is mounted in a fixed manner, within a fine and subtly shiny filed curb chain.
