

Pair Of 19th Century Black Sheet Metal Twin Beds, Decorated With Painted Flowers, Napoleon III Per

2 500 EUR

Period : 19th century

Condition : Prévoir restauration

Description

Beautiful pair of 19th century twin beds, Napoleon III period, in steel and black painted sheet metal, with flower decoration and gilded edging. The set is sold as shown in the photos, I would like to point out some restoration work to be done on the floral decoration, in particular on one of the bed legs (see photos). Plan to create 4 small metal side reinforcements to hold the bed bases. Dimensions to come...
