Description

Undoubtedly a unique piece, this wooden frame is covered with embossed leather applications composed of oak leaves and rosebuds in the making... A work of folk art to be placed between the 19th and 20th centuries, difficult to be more precise in this case but that is not the most important thing, you have to know how to appreciate its originality and its spirit of an object called "Black Forest", that is what counts. Dimensions for the photo approximately 10x14.5 cm. Shipping in France and internationally, contact me for terms and conditions
