### Description

The floor lamp is adjustable on several axes: the telescopic mast, designed for installation in tension between floor and ceiling, allows a height adjustment from 270 cm to 320 cm. The articulated arm, equipped with an adjustable diffuser, is adjustable in height and rotates 360° around the vertical axis of the mast. The reach of the arm, including the pivoting light head, is adjustable between approximately 220 cm and 280 cm. The assembly is equipped with an external brushed aluminum shade incorporating an internal diffuser, optimized to evenly distribute the light emitted by three light sources.
