Description

Charming Louis XV Miniature Chest of Drawers. Small child's chest of drawers or miniature chest of drawers in blond oak. Very amusing due to its quite charming proportions. It has two drawers on the front and rests on curved feet. The crosspieces are scalloped and the sides are worked with beveled uprights. The patina is rather light, it is a blond oak. The drawers are mounted with dovetails. It is topped with a royal red marble with a corbin beak, probably late. No restoration to report. It is not a master chest of drawers, but rather a commissioned chest of drawers, perhaps for a child, a miniature piece of furniture. Dimensions: 48 cm long by 35 cm wide and 51 cm high.
