### Description

From the Louis-Philippe period, this large clock celebrates music, sparkling mercury gilding. This clock works, it has its pendulum and its key, the movement is signed Drouot at 16 place Maubert (Paris) Given the size I think that the best is a personal delivery It is sold with its original globe and its blackened wooden base which protected its gilding and its mechanism. A copper wire resulting from a restoration indicates the strings of the harp which are missing, nothing else to report.
