

Statue Of The Virgin And Child In Reconstituted Stone Placed On A Sculpted Capital

800 EUR

Period : 20th century

Condition : Très bon état

Height : avec socle 73 cm. de la statue elle même 54 cm

Description

Fine reconstituted stone statue of a Virgin and Child after a 16th century model. It is placed on a capital copy from the same period also in reconstituted stone. I think that the whole could be a creation from the end of the 19th or the beginning of the 20th century. The price is ex-Gallery in Vichy. This set would be perfectly at home in a private chapel or in a high period or perfectly contemporary setting.
